

## Support for OSU Student Activists

March 4, 2024

AAUP-Ohio State is a signatory to [this statement](#) calling for OSU to drop the disciplinary charges against undergraduate students with Ohio Youth for Climate Justice (OHYCJ), who engaged in a protest on January 25, 2024. As per the statement, we ask the university to “commit to upholding the right to freedom of speech and assembly on Ohio State’s campus” and to take “immediate steps to divest OSU’s endowment from israeli companies, international companies on the Boycott, Divestment, and Sanction (BDS) list, and the fossil fuel industry.”
